PERSONAL PROTECTIVE EQUIPMENT (PPE)

NAVY POLICY

- Navy policy is that activities provide, use and maintain PPE when competent authority determines that its use is necessary.
- Activities shall provide necessary protective equipment where there is a reasonable probability that use of equipment will prevent or reduce the severity of injuries or illness.
- PPE procurement and enforcement of proper use and maintenance is responsibility of the supervisor.

PROGRAM REQUIREMENTS

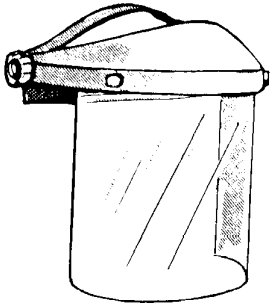
- Each activity shall ensure that an assessment of all workplaces is conducted to determine if hazards are present that necessitate the use of PPE.
- Industrial Hygiene (IH) survey
- Select appropriate PPE based on IH survey.
- All PPE purchase shall be reviewed by CFAY safety. POC is Mr.Mike Soyffer at 243-8949.

EQUIPMENT SPECIFICATION AND REQUIREMENT

- Safe design and construction.
- Standards and specifications.
  - Federal Specifications
  - A.N.S.I. Specifications
  - Underwriters Laboratories (UL)
  - A.S.T.M. Specifications

ANSI American National Standards Institute

UL Working for a safer world



EYE AND FACE PROTECTION

- “Employees shall wear approved eye and face protection when there is a reasonable probability that wearing such equipment will prevent injury.
- Flying particles and chips, splashes from liquids such as acids, caustics and solvents, and operations that generate hot slag or molten metal, welding glare, etc.
- Wear eye protection at all times in designated eye hazard area and use the one which meets ANSI standard.

HEARING PROTECTION

- Personal protective hearing devices shall be worn when working or entering in an area where operations generate noise levels of:
  - Greater than 84 dBA.
  - 140 peak sound pressure level or greater.
    - Double protection is required in areas where levels exceed 104dB.
  - All personnel exposed to gunfi

HEAD PROTECTION

- Work areas where there is potential for injury from falling objects.
- To reduce electrical shock hazards..when head is near exposed electrical conductors.

Wear head protection at all times in designated hard hat area.

FOOT PROTECTION

- Foot and toe hazardous operations are those that have a high incidence of, or potential for , foot or toe injuries.
- Example foot or toe injuries are construction, materials handling, maintenance, transportation and ship repair.
- Comply with ANSI Z41-1999

Wear foot protection at all times in designated foot hazard area.

HAND PROTECTION HAZARDS

- Activities shall select, provide and require appropriate hand protection whenever employees' hands are exposed to or are likely to be exposed to, such hazards as those from skin absorption of harmful substances.
- When employees' hands are exposed to hazards such as those from skin absorption, of harmful substances; severe cuts or lacerations; severe abrasions; punctures; chemical burns; thermal burns; and harmful temperatures.
- Activities shall base selection of hand hazard on an evaluation.

ELECTRICAL PROTECTION DEVICES

- Navy activities shall provide appropriate rubber protective equipment for electrical workers who perform work on energized or potentially energized electrical systems.

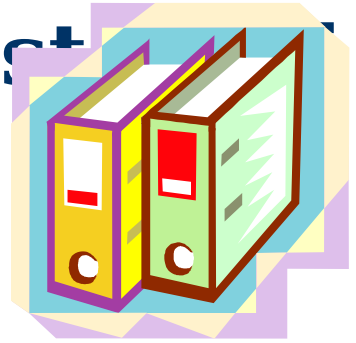
RESPIRATORS

- Whenever respirator is required, Contact to CFAY Respiratory Protection Program Manager (RPPM), Mr.Takeuchi at 243-6904
- Respirator selection is based on IH survey.
- Use respirator approved by the RPPM.
- All respirator user shall be on the mandatory or voluntary respiratory program and trained annually.

TRAINING

- Each affected employee shall demonstrate an understanding of the training and the ability to use PPE properly before being allowed to perform requiring the use of PPE.
- Employees shall know “when PPE is necessary, what type of respirator is necessary, how to proper wear, care or maintenance and limitation” after training.
- When supervisor has reason to believe that any affected employee who has already been trained does not have the understanding and skill, retraining is required. (Retraining is also required when type of PPE or workplace changed)

- **Please printout next answering sheet page.**
- **Fax answering sheet to 243-6412 CFAY SAFETY after answering.**
- **Please sign to training roster and keep the roster at least [illegible] years.**



QUIZ

PPE Training

Circle one

Date: _____

Command/Code/Shop: _____

Name: _____

1. “Navy policy”said proper use and maintenance is responsibility of th
   - Activity
   - User

2. “Program requirement “said what is required?
   - Assignment to use PPE.
   - Assessment to determine hazard.

3. “Equipment specification and requirement” said which design requir
   - Comfortable design.
   - Safe design.

4. Wear head protection when you suspect hazard in designated hard h
   - True.
   - False.

5. When retraining required.
   - Change type of PPE.
   - Change supervisor.
